A MESSAGE FROM CHAIRMAN

Dear Members,

I hope this message finds you in high spirits and good health. As we mark the end of another eventful year, I take this opportunity to reflect with pride on the remarkable journey we've undertaken together at Phonographic Performance Limited India (PPL India).

Fiscal year 2024–25 has been a defining chapter—one filled with significant challenges, but also extraordinary resilience, growth, and triumph. This year we began the journey by facing some serious headwinds from deep-rooted misconceptions about music licensing to persistent misinformation and continued resistance from motivated individuals and organizations alike. Legal hurdles and slow judicial processes added to the complexity.
Yet, the journey was worth it.

It is my pleasure to share that successfully we have achieved our goal by posting a record revenue of Rs. 272.99 Crores with Rs. 251.01Crores generated through Public Performance Licensing and Rs. 21.98 Crores from Radio Broadcasting Licensing. This represents an overall revenue growth of 36% compared to the previous year. These achievements are not just numbers but are testament to the efforts put in by each and every employee of PPL India. These efforts also have established a collective belief that music has value, and that its rightful use deserves rightful compensation.
In a market still grappling with the idea that "Music Is Free", our persistent legal efforts, awareness campaigns, and enforcement strategies have been able to shift the narrative. Each infringement challenged, each venue licensed, and each user educated is a step towards the respect that the music industry deserves.

On behalf of the entire Board and the management team, I express my deepest gratitude for your continued and unwavering trust and support. Together, we are not just managing rights—we are redefining the value of music in India.

Warm Regards,

Mandar Thakur
Chairman, PPL India.

9. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

• Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(I) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

• Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

• Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

Report on the Internal Financial Controls with reference to Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to financial statements of Phonographic Performance Limited ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ("the Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition

of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

Phonographic Performance Limited
Notes to Financial Statements as at and for the year ended March 31, 2025

Note 1
General Information

The Indian Phonographic Industry (IPI), the Association of Phonogram Producers, was established in 1936, and it was instrumental in finalising the Broadcasting Licence arrangement in India. Subsequently, IPI members decided to form a specialised body to administer their Public Performance and Broadcasting Rights, so Phonographic Performance Limited (PPL) or the Company came into being and was registered and incorporated as a Company on April 24, 1941. PPL is a Company limited by Guarantee and not having a share capital, where liability of the members is limited.

PPL had been functioning as the Performing Rights Society for Sound Recordings. After the amendments in copyright law in 1994, PPL was registered with the Registrar of Copyrights, Government of India, as Copyright Society in respect of Sound Recordings.

PPL is mainly engaged in administering the radio broadcasting and public performance rights of the music labels which are its members. The main object of the Company is to carry on and deal with the business, in India and abroad, of issuing or granting licenses in respect of sound recording works; and all other activities ancillary or incidental thereto after recoupment of expenses and out-goings, to members. The head office at Mumbai, Maharashtra, is the sole and central office for issue of licences, invoices, collection and accounting of royalty/licence fee payments.

Pursuant to the 2012 Amendment to the Copyright Act, 1957 with effect from June 21, 2012, more specifically in Chapter VII and the newly inserted second proviso to Section 33 (3A) of the Copyright Act read with the new Copyright Rules 2013, seeking Copyright Societies to re-register, the Company had within the one year period available to apply for re-registration, applied for the same on May 09, 2013. Department for Promotion of Industry and Internal Trade (DPIIT) issued a notice to the Company dated May 23, 2022 to submit additional documents for considering their application for re-registration as a Copyright Society. The Company submitted its reply to the DPIIT vide letter dated June 3, 2022, along with additional documents. Subsequently, vide letter dated June 30, 2022, the DPIIT rejected the Company's re-registration application on certain technical grounds. The Company has submitted its reply vide letter dated August 12, 2022 citing that similar technical grounds existed at the time of the DPIIT granting interim registration to other societies while giving them time to fulfilling the deficiencies. The Company has also requested the DPIIT to recall such letter of rejection and give an opportunity of hearing. DPIIT's reply to the Company's letter dated August 12, 2022 is still awaited. The Company has also amended its Articles of Association and Memorandum of Association basis the deficiencies highlighted by the DPIIT. On September 04, 2023, the company has also filed a fresh application with DPIIT for registration as a Copyright Society and the same is under process.

In terms of Section 18 (2) of the Copyright Act, where the assignee of a copyright becomes entitled to any right comprised in the copyright, the assignee with respect to the rights so assigned, shall be treated for the purposes of this Act as the owner of copyright and the provisions of this Copyright Act shall have effect accordingly. On the strength of the provisions of Section 18 (2) of the Copyright Act, and backed by a written legal opinion, the Company believes that the ownership by assignment is exempt from the provisions of Section 33 (1) of the Copyright Act and continues to engage in the business of issuing/granting licences. Presently, therefore by virtue of assignment deeds and/or exclusive licences executed by its Music Member labels, the Company issues licences under Section 30 of the Copyright Act and such licences are valid under copyright law as held by several Hon'ble High Courts Pan India.

Note 2
Summary of Significant Accounting Policies

2.1 Basis of Preparation

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis. These financial statements have been prepared to comply in all material aspects with the accounting standards notified under the Companies (Accounting Standards) Rules, 2021,

specified under Section 133 and other relevant provisions of the Companies Act, 2013 ("the Act").

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III (Division I) to the Act. Based on the nature of services and the time between the delivery of services and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

The Financial Statements have been presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded off to the nearest Rupees in Lakhs (INR 1 Lakh = INR 100,000) without any decimal, unless otherwise stated.

2.2 Property, Plant and Equipment

Property, plant and equipment are stated at cost of acquisition of, inclusive of all attributable cost of bringing the same to their working condition, net of accumulated depreciation and accumulated impairment losses, if any. Subsequent costs related to an item of Property, Plant and Equipment are recognised in the carrying amount of the item if the recognition criteria are met.

Items of Property, Plant and Equipment that have been retired from active use and are held for disposal are stated at the lower of their net carrying amount and net realisable value and are shown separately in the financial statements. Any write-down in this regard is recognised immediately in the Statement of Profit and Loss.

2.2 Property, Plant and Equipment (continued)

An item of Property, Plant and Equipment is derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising on derecognition is recognised in the Statement of Profit and Loss.

Depreciation is provided on a pro-rata basis on the straight-line method over the estimated useful lives of assets, based on life prescribed under Schedule II of the Act, except for Leasehold Improvements are amortised over the period of lease. The depreciation charge for each period is recognised in the Statement of Profit and Loss, unless it is included in the carrying amount of any other asset. The useful life, residual value and the depreciation method are reviewed atleast at each financial year end. If the expectations differ from previous estimates, the changes are accounted for prospectively as a change in accounting estimate.

Assets	Useful Life
Building	60 years
Computers	3 years to 6 years
Office Equipments	5 years
Furniture and Fittings	10 years
Leasehold Improvements	Over a period of Lease

Further, the Company has fully depreciated all the assets individually costing less than INR 0.05 lakhs in the year of acquisition.

2.3 Intangible Assets

Intangible assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any. Intangible assets are amortised on a straight line basis over their estimated useful lives.

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the Statement of Profit and Loss. The estimated useful lives of intangible assets are as follows:

Assets	Useful Life
Computer Software	3 years

2.4 Impairment of Assets

The Company assesses at each Balance Sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is higher of the asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. For the purpose of assessing impairment, the recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. An asset or CGU whose carrying value exceeds its recoverable amount is considered impaired and is written down to its recoverable amount. The reduction is treated as an impairment loss and is recognised in the Statement of Profit and Loss. Assessment is also done at each balance sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased. An impairment loss is reversed to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognised.

2.5 Investments

Investments that are readily realisable and are intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long term investments. Current investments are carried at cost or fair value, whichever is lower. Long-term investments are carried at cost. However, provision for diminution is made to recognise a decline, other than temporary, in the value of the investments, such reduction being determined and made for each investment individually.

2.6 Foreign Currency Translation

Initial Recognition:

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of transaction.

Subsequent Recognition:

As at the reporting date, non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction. All monetary assets and liabilities in foreign currency are restated at the end of accounting period. Exchange differences on restatement of all monetary items are recognised in the Statement of Profit and Loss.

2.7 Revenue Recognition

License Fees represents royalties towards issue of licenses for radio broadcasting and public performance rights of the music labels and is presented net of Goods and service tax.Licence Fees income from Public Performance is recognized in the year of grant/issue of licenses or usage towards public performance, whichever is earlier, when no significant uncertainty as to measurability or collectability exists.

Licence Fees income from Broadcasting is generally recognised on accrual basis (except where there are significant uncertainties) based on usage report submitted by licensees at the rates agreed with the licencees.

Revenue (including past settlement) is recognized in accordance with the terms of arrangement, basis certainty of collection of Revenue.

2.8 Other Income

Interest: Interest Income is recognised on a time propotionate basis taking into account the amount outstanding and the rate applicable.

2.9 Employee Benefits

Defined Contribution Plans

Provident Fund: Contribution towards provident fund for certain employees is made to the regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.

Gratuity: The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/ gains are recognised in the Statement of Profit and Loss in the year in which they arise.

Compensated Absences: Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/ gains are recognised in the Statement of Profit and Loss in the year in which they arise.

Termination Benefits: Termination benefits in the nature of voluntary retirement benefits are recognised in the Statement of Profit and Loss as and when incurred.

2.10 Current and Deferred Tax

Tax expense for the period, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the period. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing in the respective jurisdictions.

Deferred tax is recognised for all the timing differences, subject to the consideration of prudence in respect of deferred tax assets. Deferred tax assets are recognised and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. In situations, where the Company has unabsorbed depreciation or carry forward losses under tax laws, all deferred tax assets are recognised only to the extent that there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits. At each Balance Sheet date, the Company reassesses unrecognised deferred tax assets, if any.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off assets against liabilities representing current tax and

where the deferred tax assets and the deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

2.11 Provisions and Contingent Liabilities

Provisions: Provisions are recognised when there is a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date and are not discounted to its present value.

Contingent Liabilities: Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Where there is a possible obligation or a present obligation and the likelihood of outflow of resources is remote, no provision or disclosure is made.

2.12 Leases

As a Lessee:

Operating Lease: Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease.

2.13 Cash and Cash Equivalents

In the cash flow statement, cash and cash equivalents include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

2.14 Use of Estimates

The preparation of the financial statements in conformity with the generally accepted accounting principles in India which requires management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent assets and liabilities as at the date of the financial statements and reported amounts of income and expenses during the year. Examples of such estimates include future obligations under employee retirement benefit plans, the useful lives of Property, Plant and Equipment, provision for doubtful debts, uncertain tax treatments, litigations.

Management believes that the estimates used in the preparation of financial statements are prudent and reasonable. Future results could differ from these estimates.

No provision has been made with regard to this demand as the Company is expecting a favourable order.

(ii) The Company received show cause cum demand notices from the Good & Services Department for the period April 1, 2014 till June 30, 2017 aggregating Rs. 1,557 Lakhs (Previous year Rs. 1,557 Lakhs). The Company has filed its responses to these notices and personal hearings are awaited. No provision has been made with regard to these demands as the Company is expecting a favourable order.

(b) During the year 2016-17, the Company received a Show Cause Cum Demand Notice on September 30, 2016 for Rs.192 Lakhs (Previous year Rs. 192 Lakhs) in respect to levy of service tax on the invoices issued by the Company during the years 2011-12 to 2012-13 for the services rendered prior to July 1, 2010 (w.e.f. July 1, 2010 copyrights services were liable to Service tax by invoking provisions of Point of Taxation Rules, 2011 ('POTR')). The Company has disputed the demand and filed its written reply to the Show Cause Cum Demand Notice considering the fact that services were rendered before the applicability of service tax on copyright service although the invoices were raised subsequently. The Company is of the view that these demands have been erroneously made by the department and is confident of a favourable outcome, hence no provision has been made in books of account. Personal hearing completed in October 2021, order of same is awaited.

(c) The Company received intimation u/s 143 (1) of the Income Tax Act, 1961 for the financial year 2016-17 wherein it was noticed that Employee Contribution to Provident Fund amounting to Rs.13 Lakhs (Previous year Rs. 13 Lakhs) has been disallowed, being paid after the due date prescribed u/s 36(1)(va), but before the due date of filing the Return of Income having the additional tax liability of Rs. 4 Lakhs (Previous year Rs. 4 Lakhs). The Company believes that it has a very good case, as the same has been allowed in all earlier assessments and there are judgments favouring the Company and hence, the Company has preferred an appeal on April 18, 2019 before the Commissioner of Income-tax (Appeals) challenging this disallowance. No provision has been made with regard to this demand as the Company is expecting a favourable order.

(d) During the year 2023-2024, the Company has received orders dated December 18, 2023 from the Goods & Service tax department in respect of levy of interest on excess availment of Input tax credit (ITC) amounting to Rs. 5.23 lakhs and 3.51 lakhs respectively for the financial years 2013-14 to 2017-18. However, the Company has challenged the above orders by filing an appeal dated March 18, 2024 before the Commissioner of Central Tax, Appeals. Two orders were passed by the Superintendent Range IV Division III CGST dated December 28, 2024 confirming the demand of Rs. 5.23 lakhs and 3.51 lakhs respectively being the interest on ineligible cenvat credit on input services. The demands have been made under the provision of GST Act though the same related to Service tax. The Company believes that the entire proceedings are without juridiction under the provisions of the GST Law and hence not sustainable. This view is supported by favourable judicial pronouncements on the issue. No provision has been made with regard to these demands as the Company is expecting a favourable order.

It is not practicable for the Company to estimate the timings of cash outflows, if any, in respect of the above matters, pending resolution of the respective proceeding / settlement.

Note 26
Broadcasting Income

(a) Few broadcasters made an application before the Copyright Board (CRB) in the year 2001 and 2002 for granting to them Compulsory License. The CRB vide order dated November 19, 2002 passed order granting compulsory license. Broadcasters who were dissatisfied with the CRB order dated November 19, 2002, moved an appeal before the Bombay High Court for setting aside the CRB's aforesaid order. Bombay High Court vide order dated April 13, 2004 remanded back the matter to CRB for re-determination. Broadcasters moved the Supreme Court against the order of Bombay High Court dated April 13, 2004.

In the interim there was no rate that was applicable and hence the Broadcasters paid and continued to pay license fee as per the CRB Order dated November 19, 2002. The Supreme Court on May 16, 2008, issued order directing CRB to hear compulsory licensing applications afresh on case to case basis.

Pursuant to the order dated August 25, 2010, the Copyright Board (CRB) fixed the license fee as 2% of the net advertising revenue of the private Frequency Modular (FM) radio broadcaster. The Company had appealed against this order in the Madras High Court contesting the rates. The Madras High Court in its order dated April 27, 2023 modified the CRB's order dated August 25, 2010 and has in addition to compensation at the rate of 2% of Net Advertising Revenue has granted a minimum floor rate of Rs. 660 Per Needle Hour (PNH) for the decade 2010 to 2020. The radio broadcaster filed a special leave petition before the Supreme Court requesting stay on the aforesaid order of the Madras High Court, the outcome of which is awaited. PPL has filed a contempt in Madras High Court as no payment is received from the Radio Broadcasters who are party to Appeal. A contempt notice was issued to the broadcasters. The Hon'ble Madras High Court directed Radio broadcasters to pay 50% of the license fee due to PPL vide order dated July 31, 2024. The broadcaster has fliled an appeal against the aforesaid order and has got a stay vide order dated September 05, 2024.

The CRB order dated August 25, 2010 for compulsory licensing expired on September 30, 2020, pursuant to which several radio broadcasters filed fresh applications for Statutory Licenses for Terrestrial Radio Broadcasting before the Intellectual Property Appellate Board (IPAB). The IPAB passed their order on December 31, 2020 on determination of royalty fee payable by the Broadcasters between October 1, 2020 to September 30, 2021. Cross appeals have been filed by the parties with respect to the aforesaid order of the IPAB before the Delhi High Court, the outcome of which is awaited.

(b) Fresh suits were filed by the radio broadcasters in the Delhi High Court for the determination of new rates with effective from October 1, 2021. Vide order dated September 27, 2021, the Delhi High court directed that, pending final determination of revised statutory royalty rates by the Delhi High Court, status quo be maintained in respect of payment of royalty for broadcast of sound recordings by the Petitioners, with effect from October 1, 2021, as per rates determined by IPAB in its Order dated October 31, 2020.

Note 29

During the year 2018-19, Shri Puran Multi Media Ltd (SPMML - Broadcaster) and Music Broadcasting Limited (MBL) moved an application for merger. The same was opposed by Phonographic Performance Limited (PPL), as SPMML owed monies to PPL and the merger would have hindered PPL's claim of Rs. 429 Lakhs against SPMML. The court allowed the merger. An appeal was filed against the said merger in the Bombay High Court.

PPL also filed an appeal in the Allahabad High Court against sanctioning of the scheme of demerger of SPMML. In the said appeal, delay was condoned and stay was granted against the merger. MBL immediately approached the Supreme Court and pursuant to an order dated August 21, 2017 Supreme Court was pleased to direct MBL to deposit a sum of Rs.200 Lakhs with PPL and the remaining amount of Rs. 229 Lakhs to be deposited in the Bombay High Court via Bank Guarantee. MBL had paid a sum of Rs. 200 Lakhs to PPL, the same has been deposited in the Fixed deposits with the State Bank of India, Lokhandwala Branch, Mumbai and remaining amount of Rs.229 Lakhs has been secured by way of a bank guarantee of a nationalized bank which has been furnished to the Bombay High Court by MBL. The same will be kept alive during the pendency of the suit.

Tariff Scheme for on ground Public Performance of sound recording controlled by Phonographic Performance Ltd (PPL India)

Preamble:

1) To know the effective date of tariffs, please check individua
2) To know the City Classifications adopted in various tariffs, please check individual tariffs

3) On Ground usage: The on ground usage of recorded music (Sound Recordings) controlled by PPL India, at all public places including but not limited to hotels, restaurants, discotheques, cinema halls, shows, malls, stores, shops, salon, parlours, marriage halls, jukeboxes, railway & bus stations, airport, motels, guest houses, banks, offices, amusement parks, pubs, private shows, exhibitions, shows, events & any such other public area intending to communicate to the public in any matter whatsoever, in any format, in audio, audio-visual media (used for playing standalone sound recordings) requires a prior Licence from PPL India.

For clarity:

3.1 The Licence issued by PPL India strictly covers only on-ground usage of music and DOES NOT permit any non-physical / digital usage. Non-Physical and digital usage of recorded music involves the consumption, distribution, or streaming of recorded music in a virtual or digital format, typically through online platforms, broadcasting television, streaming services, or digital media. This encompasses various digital forms of music consumption, such as streaming recorded music online, downloading music files, listening to music via apps or websites, or sharing music through digital platforms and social media.

3.2 The on-ground music usage refers to the physical and tangible deployment of music in a particular location or venue. This includes scenarios where recorded music is played live through speakers and/or without speakers at venues, public spaces, or any physical premise where individuals can directly experience the music in a real-world setting. The Licence does not permit reproduction, copying, distribution or otherwise exploit the licensed recorded music beyond the license, including but not limited to creating derivative works or incorporating the licensed recorded music into other audiovisual work.

3.3 Any usage of licensed music, whether directly or indirectly, including the incorporation of third-party audio clips, for the purpose of carrying out commercial advertisement or promotion of any merchandise/product is strictly prohibited. The Licensee shall not engage in any activity that involves the unauthorized utilization of the licensed music for commercial advertisement or promotional purposes, either in its original form or as part of audiovisual content or any other medium.

4) Background Music Usage and Events Music Usage explained:

4.1 Background music usage refers to the practice of playing music in a physical premise, such as a restaurant, store, or office, to create a pleasant atmosphere and enhance the overall experience for customers or visitors or employees. It is typically played with the intention of it being unobtrusive and provides a subtle backdrop to the environment without drawing much attention. Background music aims to set a particular mood, whether it's a relaxed and soothing ambiance or an energetic atmosphere, depending on the nature of the premise and its desired ambiance.

4.2 Events music usage on the other hand, involves the active and featured use of music during specific shows, performances, or events. Unlike background music, events music is meant to be a focal point, captivating the audience's

attention and enhancing the overall experience. It may include live performances of sound recordings, DJ sets, or carefully curated playlists aligned with the theme or purpose of the event. Events music usage is often more dynamic, engaging, and tailored to specific moments or performances, aiming to create an immersive experience for attendees.

4.3 Both Background Music Licence & Event Music Licence are separate & independent. A background Music Licence is not valid for any event and vice versa

4.4 Tariff Categories for Background Music Usage have been covered under Part A & Tariff categories for Events usage have been covered in Part B

6. Due to a significant increase in membership and content, with PPL now managing over 7 million+ sound recordings (a 100% increase in the past four years), an adjustment in tariffs was found necessary. 7. Due to a significant increase in membership and content, with PPL now managing over 7 million+ sound recordings (a 100% increase in the past four years), an adjustment in tariffs was found necessary. The revised fees ensure fair compensation for the expanded repertoire, while still offering very reasonable rates for access to PPL's vast and diverse music library.

8. The revised tariffs are partially designed to support PPL's members in fulfilling their financial obligations to ISAMRA ensuring that PPL's members can continue to pay ISAMRA for Performers' Rights, thereby preventing any additional fees or legal actions against PPL's licensees by ISAMRA. This tariff adjustment is solely for the financial support of PPL's members and does not constitute a charge for the exploitation of ISAMRA's rights.

9. Room Count is a Surrogate, not a Usage Metric: PPL's tariff does not presume direct usage of music inside guest rooms. Instead, room count is used as a practical and objective surrogate to fairly estimate overall footfall, scale, and public areas in a hotel – such as lobbies, receptions, gyms/ spas, corridors, lifts, restaurants, lounges, and common open spaces – where background music is actually played. PPL uses surrogate of "number of rooms" as a rational basis to arrive at the fees mentioned in the tariff, without needing intrusive checks in every corner.

Justification for the Tariff

1. Brand Leverage of Music as Premium Experience

These brands use curated, high-quality background music to enhance their brand aura and customer immersion. Music plays a direct role in elevating perceived brand value.

2. Exclusivity & Footfall Per Capita Value

Unlike regular retail stores, super luxury outlets earn exponentially higher revenue per customer, making music licensing a proportionately lower operational cost.

3. High Production Value in Retail Environments

o These brands invest in art-directed retail design, light & sound experiences, and curated playlists – implying music is integral to their brand storytelling.

4. Content Exclusivity

o PPL controls lion shar of all premium global English repertoire (Universal, Sony, Warner, etc.), which these brands use almost exclusively and premium Indian repertoire

DISTRIBUTION SCHEME

1. Introduction

Phonographic Performance Limited (PPL) is a company limited by guarantee set up under the Companies Act, 1956. We are authorized by our members (i.e. copyright controllers) to issue non-exclusive licenses for radio broadcasting and public performance of our members' sound recordings.

The collected amount is distributed to member music labels, after recouping costs and out-goings.

Applicability Period

This policy applies to the distribution of monies in respect of the licence income collected for the period from 1st April 2025 to 31st March 2026 and any subsequent financial years.

2. Types of PPL Licences

PPL issues licences to organizations and individuals in the following broad categories:

Radio Broadcasting	These licences are issued for the use of sound recordings by radio broadcasters by way of analog terrestrial broadcasting.
Public Performance	These licences are issued for commercial and other activities involving communication to public of sound recordings. These range from dance studios and fitness centres to pubs, clubs, hotels and bars, offices, commercial premises, cinemas, shops and chain stores. It also includes licences for the public performance of sound recordings at events, concerts and festivals.

3. Distribution of revenue from Radio Broadcasting

From the radio broadcasting revenue, all administrative, operating costs, expenses and out-goings (both direct and allocated common overheads), legal & litigation expenses are deducted first, and the net income is distributed as follows:

3.1 Revenues from All India Radio (AIR) - On the basis of member-wise summary report provided periodically by AIR. (AIR does not provide track-wise details)

3.2 Revenues from Private FM Radio - On the basis of track-wise usage log reports or needle hours' usage report, as periodically provided by the Licensees / Broadcasters.

3.3 Revenues from Community Radio – On the basis of track-wise log reports as provided by the Licensees or on the basis of members share in revenues from All India Radio in cases where track-wise log reports are not available.

4. Distribution of revenue from Public Performance

From the net revenue collected (net of TDS suffered, commission, and collection charges) all administrative, operating costs, expenses, and out-goings (both direct and allocated common overheads), legal & litigation expenses are deducted. The amount so arrived shall be termed as 'Income available for distribution'.

The 'Income available for distribution' is distributed as follows:

4.1 Logged Income Distribution - From 'Income available for distribution' all Logged Income shall be distributed on an actual usage basis. The term 'logged income' here means public performance revenue collected for which the licensees have provided the log/details/playlists of the music/tracks played. The term logged income includes revenue from storage/reproduction income generated from the play out of these tracks from background music service providers. This is also distributed in the ratio of the logs/details/playlist of the music/tracks being used.

The amount so arrived post deducting Logged Income from Income available for distributions and deducting the contractual payments is termed as 'Net Distributable Income'.

The 'Net Distributable Income' is distributed as follows:

4.2 Extrapolation of Logged Income

In addition to logged income, as mentioned above, for which actual usage/logs are available, an additional amount may be distributed basis extrapolation of such logged income based on analysis and recommendation from an independent market research agency. This extrapolation shall be used for distributing income generated from licenses within similar tariff categories. Extrapolation of logged income shall be maximum at 20% of Net Distributable Income from public performance, subject to report from independent market research agency.

4.3 Distribution based on Proxy Usage data.

The balance amount of the 'Net Distributable Income' post deducting the Extrapolation of logged income, as mentioned in clause 4.2, shall be called "Income distributable basis Proxy Usage data" which will be distributed as under:

- 66.5% of Income distributable basis Proxy Usage data would get distributed based on usage-based song stream counts pertaining to Indian territory through Spotify, Saavn & YT Music. #
- 8% of Income distributable basis Proxy Usage data would get distributed based on private FM radio broadcast hours (excluding All India Radio and community radio broadcasters).
- 0.5% of Income distributable basis Proxy Usage data would get distributed based on the net domestic sales turnover of physical audio products.
- 25% of Income distributable basis Proxy Usage data would get distributed based on the You Tube views reported in the Indian Territory.

The above streaming counts, radio hours, YouTube views and sale of physical audio products would pertain to the financial year for which royalty is being distributed.

Below distribution rules would apply all the distributions taking place post effective date of this distribution policy to ensure fair representation of all the members across the above-selected streaming platforms.

1. Membership Presence Requirement:

It is imperative that a member must be present on at least two of the following OTT services: Spotify, Saavn & YT Music.

2. Streaming Counts for Absent Members:

In case a member is unable to provide their streaming counts on any of the above-mentioned streaming platforms in absence of an agreement, the counts of such streaming platforms will be considered based on the following basis:

(a) Ratio Calculation:

The ratio of streaming counts between various OTT services shall be determined based on the aggregate streaming counts of all members who have a presence on all the OTT services.

(b) Notional Credit for Absent Members:

For members who are not present on a particular OTT service, they will be notionally given credit for that service based on the ratios arrived at in (2a) above.

(c) Notional Credit for Single Service Presence:

For members who are present on only one OTT service, the notional credit shall be half of the credit arrived at as per (2b) above.

4.4 Method for collecting Proxy Usage data.

A. For streaming data, a member needs to authorize the above-mentioned digital platforms or aggregators (such as PDL, Orchard, Believe, Sky Digital, GK Digital etc) to share the song stream counts information and ensure that the data is submitted to PPL by the platforms within the timeline specified by PPL. For streaming data, members may also provide a certificate from a Chartered Accountant mentioning the song stream counts information of the streaming platforms as mentioned in above para 4.3.

B. For Radio, if a member has not assigned its radio broadcasting rights to PPL, the member will share a certificate from a Chartered Accountant as declaration for radio needle hours of usage as played on private FM radio stations.

C. For sale of physical audio products, members will share a certificate from a Chartered Accountant.

D. For YouTube, members will share a snapshot of their channel analytics showing total views in the financial year pertaining to Indian Territory.

E. The specimen format of the CA certificate/s will be as communicated by PPL to its members in due course.

4.5 In case any of the data is not forthcoming from the sources, the Board is authorized to decide any alternative methodology for collection of data.

4.6 In case of declarations that are apparently exaggerated or out-of-sync with known market conditions or apparently spurious, etc., PPL is entitled to carry out further audit checks and call for supporting documents for validation. Royalties for such members will be put on hold till the supporting documents provided are found satisfactory by PPL appointed auditors. In the event supporting documents are found invalid or in case no supporting documents as called for are submitted within the stipulated time period, the submission of relevant data of such members will be considered as "Nil" and the royalty/licence fee shall be computed accordingly.

4.7 In case of data received from multiple sources, for the computation of individual member's share, as mentioned above, PPL reserves the right to select the most appropriate source on a reasonable basis.

Note: The aforesaid turnover for the purpose of net physical domestic sales as mentioned in clause 4.4 (c) is of audio products in physical formats (i.e. audio cassettes, audio CDs, MP3 CDs, audio DVDs and audio component of digital radio such as Carvaan), net of sales returns or provision for sales returns and channel discounts; excludes export sales; and excludes home video (full movie VCDs, DVDs). In the event that it is not explicitly declared that the sales figure provided is of Audio products only, an assumed ratio of 75% shall be eligible for being considered for payment of licence fees. Only trade retail sales are eligible. Sales figures of devotional albums to be excluded, in view of exemption in Copyright Act for licensing of religious places/functions. Premium sales, OEM sales, corporate sales, "CD club" sales, direct marketing sales, and such or similar sales are not eligible. Only third-party sales are taken in account; inter-company sales are excluded.

5. Eligibility for receiving license fees payments.

5.1 A new member is eligible for share in Public Performance revenue from the effective date of joining mentioned in his agreement. However, first royalty payment to such new member will be paid after 6 months of effecting date of joining.

5.2 A new member, joining during the course of the financial year, will have to share details of his streaming counts on the online streaming platforms, as mentioned in clause 4.3, for 12 months immediately prior to his joining. This data will be used as basis to determine his interim payouts for the current financial year. The final payout for the current financial year for a new member will be on the same principles and data collection method as for an existing member. If the first interim payout based on self-declaration is more than 2 lakh, the member will be required to submit a CA certificate supporting the self-declared streaming counts.

5.3 A member who resigns within the year, royalty will be calculated on pro-rata basis of the period of active membership. In case of resignation, member's Public Performance Royalties will be paid only at the time of final settlement for the year, no interim/advance royalties will be paid.

6. Periodicity of payments:

Revenue Stream	Periodicity	Basis of computation
Radio	Quarterly	Basis processing of logs and revenue receipts.
Public Performance	Quarterly	For determining the interim payout to a member for the current financial year, the member's payout share in the previous financial year shall be used.
Public Performance	Monthly	In the event the estimated licence fee payable to a member exceeds Rs.60 lakhs p.a., the Company shall endeavour to process 'on account' monthly licence fee payouts. For determining the interim payout to a member for the current financial year, the member's payout share in the previous financial year shall be used.
Royalties received from other MLCs through reciprocal agreements	Quarterly	Basis receipt of money and member wise details.

The final payout of public performance licence fees after finalization of PPL audited accounts shall be made latest by 31st January of the subsequent financial year subject to timely receipt of all documents/data from members /platforms / agencies and their validation thereof.

7. Deductions

• From the licence fees received from the licensees (net of TDS suffered, commission and collection charges), all administrative expenses, legal expenses, anti-piracy/advocacy charges, member welfare scheme contributions shall be deducted.

• As far as practicable, such deduction may be identified separately for each stream (i.e., public performance and radio broadcasting). For this purpose, expenses that cannot be directly allocated to any particular stream of income, shall be allocated in the ratio of income of respective streams.

• In the event expenses were not fully recouped from the payment of the relevant year, such un-recouped expenses may be carried over and recovered while paying licence fees in the subsequent year.

• PPL is entitled to defer recoupment of some of the costs to next year if the benefit of such costs continues to accrue in next year also.

• In the event of temporary inability to distribute a part of the revenue or part of the collected amounts due to Court order, or litigation or government intervention or orders by authorized government agencies/institution, the same may be withheld and kept aside, till the litigation or intervention or order is resolved.

8. PPL may apply its 'Other Income', (mainly, bank interest earned out of temporary surplus of funds) to recover the costs in both radio and public performance distribution. The Board is empowered to decide the ratio and/or amount of apportionment of Other Income to radio and public performance distribution on the basis of a reasonable methodology.

9. Where an overpayment has been made in respect of a member, PPL may recover all or part of that overpayment from the subsequent payment due to member.

10. In case of any other licence fee income received where usage data is partial/incomplete/not available the Board may approve alternate methodology for distribution.

11. While distributing interim/advance royalties, PPL will retain reasonable amount of money to take care of variations in members share as the interims are based on members share in the previous year.

12. Computation methodologies in special cases

12.1 In case of fixed value or lump-sum value licenses or settlements, the license fees per track will be computed on quarterly or monthly rests (or, alternately, the entire contract term, at the option of PPL), by dividing the lump-sum or fixed value or settlement amount for the quarter (or the contract term, as the case may be) by the total actual reported usage for that quarter (or the contract term, as the case may be) of all PPL members.

12.2 In the event of a lump-sum or fixed-value licence fee across multiple locations or services (e.g. multiple stations of a radio broadcaster), same can be allocated to individual location or service on reasonable basis, utilizing available data and market information.

12.3 In cases where the Licensee fails to provide the periodic usage log report or a report is found to be erroneous or incomplete or inconsistent or unreliable and is not rectified expeditiously by the Licensee or there are practical difficulties in precisely identifying the song to a member, PPL is at liberty to apply a suitable surrogate method, for that amount, on a case-to-case basis. Such basis may include, but not restricted to, the number of songs owned /registered by the member, or licence fees earnings of member in that stream or in aggregate, or logs given by a similar licensee, etc.

12.4 In case of receipts which cannot be identified to a specific label, or excess receipts, such amounts may be utilized /applied, for members benefit or towards recoupment or absorption of PPL costs.

13. Payments to Foreign Collective Management Organizations

Licence fees received and distribution to International Collective Management Societies as part of Bilateral Agreements shall be in accordance with the binding resolutions of the current distribution policy.

14. Distribution Cut-Off Date

PPL cannot assure that it will be able to process any information, from Members, received after the Distribution Cut-Off Date as same would cause delays in the distribution process impacting PPL's ability to make timely payments to Members. The information must be furnished before the Distribution Cut-Off Date to be taken into account in that year's distribution. The Distribution Cut-Off Date will be intimated from time to time in PPL's communication and newsletters to PPL Members.

15. Distributions are Final.

PPL's policy is always to pay out the full distributable amount by January 31st each year based on the information indicated above. This means that once they are determined by PPL and paid out, all distributions are final and cannot be altered or revisited.

No reserve fund is created to pay for the sound recordings or music videos that do not appear in the logs but could have been broadcast or performed in public during the relevant Financial Year.

Similarly, no reserve fund is created to pay out in respect of sound recordings for which the PPL Member had not, prior to the applicable Distribution Cut Off Date, provided all relevant information to PPL.

16. Counterclaims & Disputes on Titles

In the event of counterclaims of ownership / control disputes on a song or album or catalogue, whether involving judicial proceedings or not, the license fees on the same is liable to be kept suspended or withheld till the satisfactory resolution of the dispute upon production and examination of necessary documentary evidence of ownership of copyright

preferably issued by the court of law in favor of the concerned member. The decision of PPL in such cases will be binding on the members and claimants concerned.

The member shall produce such documentary proofs, including agreements with film producers, artists, etc., as may be required by PPL or its lawyers from time to time. PPL may choose to take legal advice/opinion on the counterclaim; in which case, the counterclaimant shall be required to deposit in advance the full legal cost with PPL, failing which the counterclaim is liable not to get processed. PPL also may issue suitable "public notice" in newspapers, in the event of counterclaims.

No interest is payable on suspended licence fees and the members shall not raise any claim or dispute on PPL, in respect of alleged, direct, or indirect loss or loss of gains / profit attributable to the disputed titles.

17. Temporary Suspension of Payment

17.1 PPL may temporarily suspend payments from a member's account if he, at any time, withdraws or terminates or restricts or derogates exclusive assignment/transfer of his repertoire or in parallel exploits the same through third parties, in a manner inconsistent with the agreement signed by him with PPL. No interest is payable on suspended licence fees.

17.2 Licence fees payments may be temporarily withheld, at discretion of PPL, till the Member executes any pending documentation or evidence related to membership or assigned works. No interest is payable on suspended licence fees.

17.3 In the event of any funds of the Company being un-available on account of any legal action or Court order, including for example provisional attachment of funds, or attachment of bank account by an authority or Court, PPL is entitled and empowered to delay and/or with-hold the distribution of licence fee to members to such extent, on a pro-rata basis, out of his eligible licence fee as calculated. The basis, timeframe, formula, methodology and decisions adopted by the Board in this regard shall be final and binding on all the members. Amounts so with-held or delayed can be released only upon release of the funds by the authority or Court concerned.

18. Unclaimed Royalties

In case of repeated return (three attempts to reach the member) of the royalty payouts to members, list of such inaccessible members shall be posted on website of PPL. After thirty days from posting the list of the inaccessible members on the website, such unclaimed licence fees / royalties, pertaining to inaccessible or defunct members, will be parked, into a separate account earmarked for this purpose for a period of 3 years. Thereafter, the said unpaid amount, if unclaimed, shall be moved to members' welfare scheme.

19. Allocation & Distribution issues not covered by this Policy.

The allocation and distribution process of collected license fees, is set out in this Policy. Occasionally, an issue may arise in relation to the allocation and distribution of net license fee revenue that is not covered by this Policy. In such cases, PPL Board will determine, by a board resolution, how to handle the issue, taking into account appropriate professional advice if found necessary. Any such resolution will be treated by PPL as part of this Policy for the purpose of allocating and distributing licence fee revenue. If the issue is likely to have an ongoing effect on PPL's activities (for example, where it has risen as a result of a legislative change), this Policy may be suitably amended as advised by PPL Board.

20. Changes to this Policy

From time to time, PPL may need to amend this Policy to reflect changes to its operations or to take account of legal changes (e.g., amendments to the Copyright Act, or a decision of a court or the Copyright Tribunal). This Policy will only be amended by a formal resolution of the PPL Board.

21. Verifications

21.1 While reasonable efforts, within available resources and within the time constraints, are made to validate or scrutinize the usage logs reports from licensees, PPL does not assume responsibility for errors at the source i.e., in the usage log reports submitted by the licensees, including errors, misspellings, etc. in identification and description of the song, album, label, code number, etc. Attempt will be made to resolve un-identified and mis-matched reported usages by applying best-fit criteria, on a best effort basis. It is the responsibility of the member to declare and register the full metadata of his repertoire, on a timely basis with PPL.

21.2 Licence fees received against mis-matched songs, that could not be satisfactorily resolved, may be directly applied to recoup administrative and legal expenses or, alternately, paid on a reasonable surrogate basis.

22. Adjustments

PPL may adjust or deduct, from any future payments to a member, any past over-payments that have been made to that member. Over-payments might have occurred where a member supplied incorrect information or has incorrectly registered his songs or due to sale of audio catalogue, or due to clerical oversight/error, or dispute/counterclaim, etc. Overpayments may also occur as interim royalty payouts in Public Performance are made basis member's share in previous year and whereas the member's actual market share in current year may turn out to be less than previous year.

PPL may offset or reduce the licence fees payable to a member to the extent of dues or claims from the same member to PPL, in his capacity as a licensee or user or in any other manner whatsoever.

23. Mode of Payment

License fees payments are made by online bank payments and in exceptional circumstances by account payee cheques. Payouts shall be made only to the member to their designated bank account. Payment-assignment or endorsement requests shall not be taken into account unless approved by the Board. In the event any taxes or levies are applicable on license fees distributed to member, same shall be borne by (or charged to) the member.

24. TDS Procedures

License fees payment will not be made to a member till he furnishes his income-tax PAN number and copy of PAN card/certificate. Certificates for tax deducted at Source (TDS) will be issued to the member quarterly or as per timelines prescribed under Income Tax Rules. Discrepancy, if any, has to be notified within 15 days of the receipt of the said certificate. If any member has obtained concessional/lower TDS certificate from the income tax department, the same will be applied on the next license fees payment due after the receipt of the said certificate. The certificate will be given effect only for the period and amount for which it is issued, and only until the closure of books/audit of accounts of PPL. Thereafter, for any payment of license fees for the prior period, normal TDS rate will prevail.

25. Tax Procedures

GST or other tax payment will be made to a member on his furnishing valid tax invoice as prescribed by the tax authorities, within the statutorily prescribed time-limits and prescribed format. Invoices not statutorily compliant cannot be processed for payment of tax.

26. Registration of Works

It is the sole responsibility of assignors/members to register their new songs, with full and correct particulars, duly supported by album inlays or covers, on a timely basis with PPL. Any omission or delay in this regard will be at the cost of the concerned member.

27. Variations

In the event of any variation, if any, between the basis and methodology as per this document and the methodology specifically agreed in the agreement with an individual member, the latter shall prevail.

28. PPL Obligation

PPL has an ongoing obligation, of Confidentiality, to all its members.

Employees of PPL are subject to a duty of confidentiality in respect of the information they acquire and use in the course of their duties for PPL. This means they generally cannot disclose details about the allocation and distribution process, especially the individual royalty amounts or percentages of usage logs attributable to particular member tracks or PPL Members (other than the information routinely provided to PPL members on their respective distribution statements).

PPL staff will not reveal to members of the public any confidential contact details and other information of its members.

29. Notification Requirement

PPL Members must ensure that they keep PPL informed of any changes to the record labels they own or control, including any labels that are discontinued and any new labels that are introduced.
